## CUES Boosts Membership Experience with CUES.org Enhancements

**MADISON, Wis.**—Talent development leader CUES has rolled out updated [cues.org](http://cues.org) features designed to enhance the user experience for its membership base.

A new [Member Help Center](#) and single sign-on functionality join improvements [announced](#) last January to CUESNet, the CUES online member community.

The new Member Help Center offers many great tools, including:

- Short videos exploring member benefits according to membership level and credit union role
- Easy-to-use individual development plans to help guide members' talent development efforts
- Quick links to account maintenance, including general account updates and event registration
- The ability to schedule a 30-minute demo with a CUES membership expert

Single sign-on logs the member in across all CUES sites for smooth transitions between platforms.

"The latest improvements to [cues.org](http://cues.org) and the earlier updates to CUESNet were many months in the making, and we're excited to share these with our members," said Jimese Harkley, JD, CUDE, CUES' VP/Membership. "We're always working on ways to enhance the member experience, and the value we offer them. A new Membership Dashboard is also in the works, and is expected to be ready later in 2022."
